E.G.O. Elektro-komponente d.o.o

Informacija

European Union
Together with EU funds

The project is co-financed by the European Union from the European Regional Development Fund

Beneficiary's project title:

Increasing energy efficiency of E.G.O. Elektro-komponente d.o.o.

Short description of the project:

E.G.O. Elektro-komponente d.o.o. (former company name: ELEKTRO – KONTAKT d.d.) has submitted in 2018. on the basis of the public call of the Ministry of Environment and Energy "Increasing energy efficiency and use of renewable energy sources in manufacturing industries" the project entitled "Increasing energy efficiency of ELEKTRO - KONTAKT d.d". Following the signing of the Grant Agreement under this call, E.G.O. Elektro-komponente d.o.o. as a Beneficiary of the European Regional Development Fund began implementing the project in June 2018. The target groups whose interests the project will directly contribute to are (1): Beneficiary Company; (2): buyers and suppliers; and (3): final consumers. The completion of the project is planned for June 2020.

Objectives and expected results of the project:

The purpose (objective) of the project is to achieve energy savings in the company's production facilities by implementing three energy efficiency measures. The expected result of the project is the improvement of energy efficiency in the Beneficiary's production facility and better control of energy consumption.

Total project value: 3.512.547,13 HRK

The amount co-financed by the EU (in HRK): 1.604.557,94 HRK

Project implementation period (from-to): 29.06.2018. – 29.06.2020.
